CAPITAL APPROPRIATION BILL.

We publish below the bill, which has just become a law, providing for an appropriation for new capital buildings. We do this at the request of a number of our subscribers, who are anxious to know its provisions:

An act to provide for the erection and completion of the Capitol, and other necessary buildings, at the seat of government.

Whereas, The public buildings of the State at the Capitol are notoriously inadequate to furnish proper halls, offices and places of business to enable the General Assembly and the State officials to properly and efficiently discharge the duties of their offices; and records and valuable papers of the State can not therein be properly protected and cared for; and whereas, the present buildings do not comport with the dignity, intelligence and wealth of the State; therefore,

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. That the Commissioners of the Sinking Fund of Kentucky, by that name and style, are hereby created and authorized as a board to carry out the provisions of this act and erect the buildings herein provided for. The buildings herein provided for, shall be located and built upon the grounds or lot now used for the State Capitol, and not elsewhere.

Sec. 2. Said board is authorized and empowered to adopt plans and specifications for the construction and completion of the Capitol buildings at Frankfort, Kentucky, as it may deem best and most suitable for the accommodation of the General Assembly and the State officials and the departments thereof having due regard for the safety and preservation of the State records; and may exchange said plans and specifications are adopted by said board, it shall advertise for sealed proposals for bidders for said work, or any part thereof, and the said work shall be awarded to the lowest and best bidder, due regard being had to the responsibility of the bidder. Sub-contractors shall in no case be recognized by the board, the responsibility to continue in the principals and their sureties. The contract shall in no case provide for the payment of any one year of an amount exceeding the income of, or the amount available for, that year from the amount appropriated under the provisions of this act. And it is in no sense to be construed as creating a debt of the State, except to the extent of the annual income or sum appropriated in the State Treasury under this act. But any amount remaining on hand and expended in one year may be added to and expended in any subsequent year or years. Every contractor for work or material be furnished under this act shall execute to the board a bond, conditioned for the faithful performance of his contract, with surety, to be approved by said board.

Sec. 3. The total expenditure for all purposes under this act shall not exceed one million dollars; and to provide means therefor there is appropriated, and shall annually for the next four years, commencing with the present fiscal year, be set apart by the Auditor of Public Accounts and the Treasurer from the general revenue, the sum of \$250,000, the same to be paid out and expended for the purpose of the construction and completion of public buildings at the seat of government, and to be paid out by the Treasurer upon the order of the board, and signed by its chairman and secretary. But said board may expend more than \$250,000 per year, if practicable to do so, and necessary for the due prosecution of the work: Provided, Available funds, not otherwise appropriated, are on hand, not exceeding, however, the total sum appropriated hereunder.

Sec. 4. Said board shall hold its

meetings at the seat of government and a majority thereof shall constitute a quorum, but no contract shall be approved except by four-fifths of all the members of the board. The said board shall keep a record of all its proceedings and acts, and cause to be kept by the secretary a true and complete record of all the money paid out, to whom and for what purpose, and under what order and receipt. Monthly statements shall be made to the governor by the said secretary, and a full and complete report shall be made to the General Assembly in regular or extra session.

Sec. 5. It shall be unlawful for any of the said board, or any employee thereof (except the particular contractors) to be connected, either directly or indirectly, in any manner whatsoever, with any contract, or part thereof, for the erection of said Capitol buildings, or for any work connected therewith, or for furnishing any of the supplies or material therefor, or to receive any benefit therefrom, or the promise of any benefit therefrom, either by way of commission, rebate, bonus, division or profit, or otherwise; and any one of said board, or such employee, who shall violate the provisions of this act, shall be guilty of a felony, and, upon conviction thereof, shall be subject to a fine not exceeding \$1,000, and imprisonment in the penitentiary not exceeding five years. It shall be unlawful for said board to employ any person in the supervision of the building of said Capitol, or in any way connected therewith, who may or shall become in any manner connected, directly or indirectly, with any contract for the erection of the said Capitol buildings, or for the furnishing of any material or supplies therefor; and the said board are hereby charged with a rigid enforcement of this provision.

Sec. 6. Said board shall erect and complete the buildings herein provided for, and shall effectuate the purposes of this act in accordance with the provisions hereto and may employ a secretary or clerk at a salary of not exceeding \$100 per month, and a competent architect, also a superintendent of the building, at a salary of not exceeding \$2,000 per year.

Sec. 7. All original and supplemental contracts made by the board shall be in writing and signed by the board, and three authenticated copies thereof shall be evidence in all courts and other places. And the Franklin Circuit Court is given jurisdiction of all matters and issues which may arise under the provisions of this act.

Sec. 8. The said board may adopt such rules to carry out the work contemplated by this act as it may deem best for the interest of the State, and require a compliance with same. Whereas, The necessity for the erection and completion of the Capitol buildings at the seat of government produces an emergency, this act shall take effect from and after its passage.

CURED CONSUMPTION.

Mrs. B. W. Evans, Clearwater, Kan., writes: "My husband lay sick for three months; the doctors stated he had quick consumption. We procured a bottle of Ballard's Horehound Syrup and it cured him. That was six years ago, and since then we always kept a bottle in the house. We can not do without it. For coughs and colds, it has no equal." 25c, 50c and \$1.00 bottle at Paul B. Weitzel's.

COUNTRY HOME BURNED.

The home of Mr. John W. Bates, near the mouth of Elkhorn, this county, was burned to the ground, on Tuesday last. Everything in the house was consumed except the bed on which his sick wife was lying. This is pretty rough on our friend, as he is a poor man, and deserves the sympathy of every one.

HON. W. J. BRYAN HERE.

Hon. Wm. Jennings Bryan, the brilliant leader of the Democratic party, came here on Wednesday to attend the Goebel Memorial Services.

At 8 o'clock p. m., he addressed a large and enthusiastic audience at the Capital Theatre, in which he scored Hon. Henry Watterson for his recent article in condemnation of Mr. Bryan's late deliverances, and squarely opposed a reorganization of the Democratic party. He said such a reorganization would only make it subject to the control of the money power.

Mr. Bryan is a brilliant and forceful speaker and fully maintained his reputation as such.

LETTER FROM VIRGINIA.

We give the following letter from our beloved friend, who never forgets Frankfort, no matter where he may go:

Petersburg, Va., Feb. 1, 1904.
Dear Brother Lewis:
I have just heard, in the ever welcome Roundabout, the glad, glad news that it is now at last settled, by the Legislature, that Kentucky and Frankfort are to have the long-awaited new Capitol. I can not refrain from sending my congratulations, for, live where I may, I still have the fond feeling that, in some way, Frankfort is my home. I can not get it, and I do not care to. Every event and every person of the year old town has interest to me. I rejoice with our Baptist brethren in the completion of their new house of worship, and with Brother Crowe, and our Southern Presbyterians, in that they are planning for a new church building. (Their new and handsome building is under roof—Editor.) Am grateful that Dr. Williams came off as well as he did in that Shelbyville accident, and am always pleased wherever the Roundabout comes in. At Indianapolis I had it for Saturday at breakfast, it now comes for dinner on Monday.
Tell my friends that I have a large church, a noble people, a prosperous work, a cordial fellowship and a happy home. "My cup runneth over."
I enclose pledge for good fellowship for 1904, which you will please acknowledge; and with love to yourself and kindest regards to all the Roundabout force, I am
Fraternally, yours to serve
W. C. TAYLOR.

The bill providing for the disfranchisement of illiterates was killed in the House of Representatives by indefinite postponement on Tuesday last. It was "too heavily loaded" for the politicians.

ACCIDENT.

While one of the employees of Mr. W. H. Matlack, of Louisville, employed in putting up the electric light on the new First Baptist Church, of this city, was at work over the handsome new ceiling on Monday morning, he made a misstep and fell through the ceiling carrying about a yard square of the frescoing with him. He succeeded in catching on the cross beams and saved himself from a bad fall. The ceiling was at once repaired.

AN EARLY RISER.

Breaking all records in three New York theatres of the first class is an achievement which "The Earl of Pawtucket" can boast. First seen at the Madison Square on February 5, it attracted the largest patronage known in the history of that house. The comedy moved to the Manhattan Theatre on the 24th of March, and throughout the season filled the auditorium at every performance. On September 7 it moved to the Princess Theatre, where it again made a new record for receipts, continuing its phenomenal run.

CLIMATIC CURES.

The influence of climatic conditions in the cure of consumption is very much overrated. The poor part of it, and the rich part too, can do much better at home by proper attention to food digestion, and a regular use of German Syrup. Free expectation in the morning is made certain by German Syrup, so is a good night's rest and the absence of that wakening cough and debilitating night sweat. Restless nights and the exhaustion due to coughing, the greatest danger and dread of the consumptive, can be prevented or stopped by taking German Syrup liberally and regularly. Should you be able to go to a warmer climate, you will find that of the thousands of consumptives there, the few who are benefited and regain strength are those that use German Syrup. Trial bottle, 25c; regular size, 75c. At all druggists.

GALLANT SOLDIER AND VALUABLE CITIZEN PASSES AWAY.

At 3 o'clock on Friday afternoon this city sustained a great loss in the death of Capt. Benjamin Cave Milam, aged 82 years and some months.

Capt. Milam, for many years, had been a prominent and influential citizen, in the front rank for anything and everything that ministered to the best interests of our city and State.

A gallant soldier in command of a company of cavalry in the war with Mexico, he won imperishable renown in the battle of Buena Vista and Resaca de la Palma, and held the love of his men to an unusual degree. He was eminently a man of social taste and was the life of every circle in which he moved.

He had served as a member of the City Council for several terms and was Chairman of the Board. He was ever vigilant and alert in looking after interests of the city and made a fine record. He had been president of the Deposit Bank of this city and also president of the Masonic Temple Co. He took charge of the affairs of the latter corporation when it was in a close place and placed it on a firm and successful foundation.

He was a man of unusual energy and decision of character—firm, yet courteous to all who differed with him.

Another fact, unusual in these days, was that in all his long and useful life, he had never known a serious illness, and was never confined to his house except by a sprained ankle, broken limb and injured shoulder, in 1863, occasioned by being overturned in a carriage while taking part in a funeral procession of a friend. He had worked at his bench as a manufacturer of the celebrated "Milam Fishing Reel" (of which he was the inventor) up to the day before he was attacked by his last illness.

By his energy and foresight he had accumulated a comfortable estate.

He leaves one son, Mr. John W. Milam (this partner in business), five grandchildren (the children of his only daughter, Mrs. Uberto Keenon) and five great-grandchildren, besides a whole community to mourn the loss of a big-hearted man, an indulgent father and grandfather.

Capt. Milam was a member of Hiram Lodge, No. 4, A. Y. M., Frankfort Royal Arch Chapter, No. 3, and Frankfort Commandery, No. 4, K. T., who attended the funeral services (which were conducted at the family residence on Washington street, on Sunday afternoon, at 3 o'clock).

The turn out of Knights Templar and Blue Lodge Masons was the largest that has been seen here in many days, thus testifying to the high regard in which Capt. Milam was held by his brethren of the "Mystic Tie."

The solemnly beautiful and touching ceremonies of the Knights Templar were performed at the house (owing to the very inclement weather) and that of the Blue Lodge at the grave.

Frankfort could ill spare such a man as Capt. Milam.

Mother

Lost Reason After LaGrippe.

Daughter Had Frequent Spasms.

Dr. Miles' Nerve Cure Them Both.

Dr. Miles' Nerve is a specific for nervous disorders. It removes the cause and effects a speedy and permanent cure. "I feel it is my duty to let you know that your medicines have cured my little girl of nine, of spasms. She commenced having them at the age of three. Our family doctor said she would outgrow them but she did not. We took her to another physician who said her trouble was epileptic fits in a mild form. He did her no good either. She was so nervous she could hardly walk. As I had already used Dr. Miles' Nerve and found it a good remedy for myself I commenced giving it to my child. I gave her in all ten bottles of the Nerve and one of the Blood Purifier. That was over two years ago and she has not an attack since we commenced the treatment. She is no longer troubled with nervousness and we consider her permanently cured. I enclose her picture. My mother-in-law lost her reason and was in care for three months from the effects of LaGrippe. Six bottles of Dr. Miles' Nerve cured her. My sister has also taken it for sick headache with good results. We all thank you very much for your good medicines and kind advice. I don't think there is any other medicine half so good. I send my daughter's photograph so that you may see what a sweet little girl lives out in Arkansas."—MRS. HANNAH BARKETT, Springfield, Ark.

B. C. Milam to Mexico, passed to the city of Mexico, exactly at the same hour with his old commander, on Friday afternoon. Mr. Calvert was 76 years of age. He was a quiet, good citizen and Christian gentleman—a member of the Episcopal Church.

He leaves many relatives and friends to mourn his death.

The funeral services were conducted Sunday morning and the remains were interred in our cemetery.

ANOTHER CIVIL WAR VET. ERAN SURRENDERS.

Mr. Jesse Whitehouse, aged 72 years, a veteran of the 9th Kentucky Cavalry, U. S. A., in the civil war, died at the home of his son, Mr. Guyard Whitehouse, in Louisville, on Monday last.

Mr. Whitehouse was an Englishman by birth, but came to this country when a lad, and had lived in this city for more than 50 years, leaving here last year to make his home with his son in Louisville.

He was a painter and paper-hanger by trade, and an excellent mechanic. He was a brave soldier and a jolly, big-hearted man, and had many friends who will regret to hear of his death.

He leaves two grown sons and four grown daughter to mourn his death.

The remains were brought here on Tuesday morning and laid to rest in our cemetery beside his wife who preceded him to the grave a number of years ago.

THE BROWNLOW BILL.

There is now pending in Congress a bill introduced by the Hon. Walter P. Brownlow, of Tennessee, and the Hon. Jacob H. Gallinger, Senator from New Hampshire, appropriating \$24,000,000 as National aid for the building of wagon roads.

This sum is to be distributed to each State according to its population, except that no State is to receive less than \$250,000. The States or counties receiving this money must add a like amount, so that \$48,000,000 will be expended in the building of wagon roads.

Colonel Brownlow says that we have over 200,000 miles of the finest railway in the world, more miles of railway than all the rest of the globe put together, yet we have the poorest wagon roads of any civilized country. He believes that no one thing will do this country so much good as the building of wagon roads, as provided for in this bill. As these are to be built in every State of the Union, they will be especially valuable as an object lesson. Experience has shown that wherever good roads exist every one wants more of them.

EQUAL RIGHTS.

Local Association Addressed by Miss Laura Clay on Current Topics.

Miss Laura Clay gave a talk before the members of the local Equal Rights Association and a number of their friends at the residence of Dr. Wm. H. Averill on January 20th, at 3 p. m. Bills that have been passed through the influence of the Kentucky Equal Rights Association and the two bills now pending, i. e., "Co-Guardianship of Children," and "School Suffrage for Women," were explained.

All present realized that the right of petition had been wisely used by the representative women. That without the use of this right, several ancient laws concerning property rights and wages of married women would have still probably been extant, owing to the procrastination of former law-makers, who, while realizing the rights of women waited for their petitions thereupon.

Miss Herndon presided at the meeting, which was opened with prayer by Miss Russell.

The names of Mrs. Joseph Bailey and Gen. Fayette Hewitt were added to the number enrolled two years ago: Mrs. A. Rollins Burnam, Mrs. Wm. F. Barret, Mrs. M. J. Gaines, Mrs. H. H. Watson, Mrs. Marvin D. Averill, Mrs. T. P. Averill, Mrs. M. B. R. Day, Miss Mary Harrison, Miss Rebecca Averill, Miss Margaret Russell, Miss Margaret A. Lewis, Miss Hallie Herndon, Miss Esther Burnam, Dr. Wm. H. Averill.

Sick Blood

Feed pale girls on Scott's Emulsion.

We do not need to give all the reasons why Scott's Emulsion restores the strength and flesh and color of good health to those who suffer from sick blood.

The fact that it is the best preparation of Cod Liver Oil, rich in nutrition, full of healthy stimulation is a suggestion as to why it does what it does.

Scott's Emulsion presents Cod Liver Oil at its best, fullest in strength, least in taste.

Young women in their "teens" are permanently cured of the peculiar disease of the blood which shows itself in paleness, weakness and nervousness, by regular treatment with Scott's Emulsion.

It is a true blood food and is naturally adapted to the cure of the blood sickness from which so many young women suffer.

We will be glad to send a sample to any sufferer.

We enclose this picture in form of a label to be wrapped over every bottle of Emulsion you buy.

CARPETS

W. S. FARMER. AND RUGS

RE-OPENED TO-MORROW.

The remodeled First Baptist Church, now practically completed, is one of the most modern and complete structures of its kind in this city. The new front (after the Spanish renaissance) is of very imposing proportions. The large gable crowned center, with its local stone base to window sills, and heavy cornice, with its many window openings, glazed with Mays and Cathedral glass, gives a splendid effect, at night, when lighted up, as well as by day. The towers, flanking each side of the building, are in splendid keeping, adding much to the whole. But the interior is where the most marked changes have been made. The new front extension, containing, on the first floor, a large Sunday-school room, besides entrance lobby, stair, hall and toilet room. The second floor, or gallery, seven separate class rooms, halls and toilet room. All of these rooms are so arranged that they can be opened up and used in connection with the main audience room at a moment's notice. Plenty of exits and entrances are provided all over the building, and large and commodious aisles have been provided throughout. The main audience room walls and ceilings are all newly decorated. New art glass windows are provided to all openings. The windows, doors, etc., are handsomely trimmed up with fluted plaster casings, burlap wainscappings, etc., etc.

The baptistry is in the same location as before. The pulpit and baptistry have been entirely refitted with handsome and substantial wood work.

The colors throughout are in very light tints, and the fresco decorations have been sparingly and carefully used, in order to bring out in full relief the architectural features of the work. The architect and the decorator have happily combined here, making a harmonious whole, that would be hard to improve upon. The electric lighting is cleverly arranged, adding much to the building's general decorative feature of the building.

The congregation and the Building Committee are to be congratulated on the results achieved. It is an especial credit to them, and also that the largest portion of the work and materials, were put up and furnished by local artisans and dealers.

Mr. Leo L. Oberwarth, the talented and efficient young architect, has certainly been the means of erecting a monument to his abilities in that line that would be a credit to an older architect. It proves him an Al hand at the business.

We desire to extend congratulations to the Building Committee (Messrs. W. S. Farmer, O. C. Kenney and Dr. U. V. Williams), to whose sound discretion and general good taste, much of the success of the work is due.

Mr. John Rumpf, the general contractor, always does his work faithfully and well. He has done so in this case.

Mr. W. H. Matlack, of Louisville, the contractor for the electrical work, is a master hand at the business.

The interior frescoing was done by Messrs. W. A. Lay & Co., of

Cincinnati, Ohio, and is a splendid piece of work.

The elaborate and beautiful art glass windows were the work of the Pittsburgh Art Glass Co.

"I can strongly recommend Herbine as a medicine of remarkable efficacy for indigestion, loss of appetite, sour taste in the mouth, palpitation, headache, drowsiness after meals with distressing mental depression and low spirits. I wonder at people going on suffering or spending their money on worthless things, when Herbine is procurable, and so cheap." 50c a bottle at Paul B. Weitzel's.

LITTLE TOO MUCH OF A WHICHNESS.

In their eagerness to create a sensation over the members contest between the Reds and the Blues in the Y. M. C. A., the members of the Reds went to an extreme that has been pretty severely condemned. On Saturday night they mixed up some red stuff and went to work daubing porches, windows, etc., of private residences, and then on all the show windows of the various business houses of the city, making very ugly looking stains.

We would respectfully urge those controlling this contest to put a cure, in place of benefit, the Y. M. C. A. cause.

ACCIDENTS.

On Monday night, shortly after 7 o'clock, two gentlemen were driving a horse and buggy around the corner of Main on to St. Clair street, when the horse's feet slipped from under him and he fell to the street. He attempted to gain his feet again when he slipped and fell the second time, skinning himself about the knees and side.

On Tuesday morning a youth drove a horse and buggy up in front of Collins & Havens' hardware store, in the Ringold block, on St. Clair street. A force pump was standing on the sidewalk. The youth threw the lines over the pump and went away. The horse became frightened and, starting up, threw the pump over, frightening the animal still more, when he dashed across Broadway street and ran into a tree, detaching himself from the buggy, and leaving it with one wheel wrecked. Shortly after the animal was captured.

CANCER CURED!!

Mr. W. W. Pickett, Smithfield, Ill., writes, Sept. 10th, 1901: "I had been suffering several years with a cancer on my face, which gave me great annoyance and unbearable itching. I was using Ballard's Snow Liniment for a sore leg, and through an accident, I rubbed some of the liniment on the cancer, and as it gave me almost instant relief, I decided to continue to use the liniment on the cancer. In a short time the cancer came out, my face healed up and there is not the slightest scar left. I have implicit faith in the merits of this preparation, and it can not be too highly recommended." 25c, 50c and \$1.00. For sale by Paul B. Weitzel.

Palm-Room, Waldorf-Astoria Hotel.—Scene from "The Earl of Pawtucket" at Capital Theatre, Tuesday, Feb. 9th.

"Absolutely sane, unquestionably rational, tremendously amusing, genuinely invigorating," are but a few of the countless expressions of cordial approval made use of by the enthusiastic newspaper critics of New York and Boston concerning the merits of "The Earl of Pawtucket"—the eminently successful comedy, which astounded the natives with its unbroken record of prosperity at three of the most prominent Broadway theatres, where it enjoyed more than pronounced favor. Even while the sweltering summer heat ordinarily made the playhouse a place to be avoided, such was the interest in Kirke La Shelle's fortunate comedy find, that lovers of convivial entertainment flocked to pay substantial respects to Augustus Thomas for having evolved such highly commendable stage offering. This it was that while nearly all the other New York Theatres were taking their vacations, the one in which "The Earl of Pawtucket" kept open house, proved a pleasureable resort, not only to the thousands upon thousands of out of town people, but to all New Yorkers who take delight in attending a performance of exalted fun.

"The Earl of Pawtucket," with all the elaborate scenic and furnishing effects of its metropolitan presentation, will visit at the Capital Theatre, Tuesday, Feb. 9, and it would not be at all surprising if the engagement proved as financially encouraging, as its welcome here, from an artistic point, can not fail to be overwhelmingly agreeable.

One next Monday at the Capital Theatre the Wm. H. West Minstrels will make their annual appearance in this city, and as is usual, Manager Sanford B. Riceby has several novelties to present to his patrons. In this age of progression it is absolutely essential that a manager keep abreast of the times. The public demands everything new each year, and the wise manager recognizes and tries to meet that demand. One of the most successful innovations of recent years is the presentation of the operatic burlesque, "The Wizard of Boz," as the closing feature of the West Minstrels. It is an extremely funny and very musical skit, running about forty minutes, and employs the entire forty people who compose this successful minstrel company.

Sixteen great singers are with this organization, the largest number ever carried in minstrelsy, and great attention has been given to the orchestral and chorus effects, while the soloists will present the newest and best compositions of America's greatest song-writers.

Leaving the beaten paths and drawing out of the rut into which minstrelsy has fallen during the past few years, Manager Riceby has introduced a novelty into the Wm. H. West Minstrels in the shape of an operatic comedy, entitled "The Wizard of Boz." As may be imagined, it is a burlesque on one of the popular operas of the day, and is said to be extremely funny

as well as being filled with tuneful music and catchy airs. It is elaborately staged with magnificent scenic effects and beautiful costuming, and is proving one of the hits of the season. The West Minstrels announce a great array of talent, and the new first-part scenery and costumes are said to be particularly striking, the color scheme being far more beautiful than anything seen in that line in years.

STRAIN TOO GREAT.

Hundreds of Frankfort Readers Find It So.

The hustle and worry of business men. The hard work and stooping of workmen. The woman's household cares. Are too great a strain on the kidneys.

Backache, headache, sideache. Kidney troubles, urinary troubles follow.

A Frankfort citizen tells you how to do it. C. A. Wallace, retired farmer, living at 381 Holmes St., says: "I have thought that the kidney trouble that I suffered from for years was brought on by the heavy lifting and work I did in the logging business when a young man. In this work I had to exert all my strength and many times have done what ordinarily two men would be required to do. This straining myself often caused a dull aching and lameness in my back, and as time went on it got from bad to worse, the aching growing much more severe and it became so bad at times that I could scarcely get around. A difficulty with the kidney secretions set in and they were scalding, irregular and annoying, especially at night, breaking my rest five or six times. I used various remedies but got little relief from them. I read about Doan's Kidney Pills and as they were highly recommended I decided to give them a trial and procured a box at J. W. Gayle's drug store and they helped me from the start. I continued using them until I had taken two boxes. I was benefited in every way. I have every confidence in Doan's Kidney Pills."

"BEN-HUR."

The Grandest Spectacular of the Century to be Staged in Lexington, Ky.

Klaw & Erlanger's massively ornate spectacle, "Ben-Hur," is to be staged at the Opera House, Lexington, Ky., February 22, 23 and 24, with a special matinee Wednesday, February 24.

The dramatization of General Lew Wallace's great novel has been seen very little outside of New York. William Young, who made the dramatization, succeeded most admirably in the production of a drama which not only retains the most absolute fidelity to General Wallace's great book but does not offend the most devout Christian.

Professor Edgar Stillman Kelley has heightened the solemnity of "Ben-Hur" with music that is a positive delight to the ear. The stage settings provided by Klaw & Erlanger have never been equaled in this country. The pictures of "The Star of Bethlehem," "The City of Jerusalem" from the terrace garden of the palace of Hur in Judea, "The Interior of a Roman Gallery," "The Grove of Daphne," "The Fountain of Castalia," "The Chariot Race," "The Vale of Hinnon and the Mount of Olives" are remarkable exhibits of the best scenic art. To these are added some wonderful effects in lighting, and in stage mechanics, as shown in the thrilling chariot race. The contrivances that go to make up the chariot race cost more than \$15,000. Eight horses run in full view of the audience.

The great scene which closes the play is the healing of the lepers on Mount of Olives. Here hundreds of people are arranged in picturesque groupings, the whole forming one of the most beautiful pictures ever put upon the stage. The personality of the Nazarene is not shown in the play, but in this scene the nearness of His presence is indicated with the most intense impressiveness by a shaft of the purest white light. The dramatization is carefully constructed so as to remove it from domain of the so-called Passion plays, and while the Savior is only referred to, yet His tremendous dominating power is felt with thrilling effect.

The advance sale of seats for the "Ben-Hur" engagement will open in Lexington Thursday, February 18, when orders for seats for any of the performances, if accompanied by a postal or express order and a self-addressed stamped envelope for reply, will be filled in the order of their receipt. Address all communications to Charles Scott, Manager Opera House, Lexington, Ky.

BADLY BURNED.

Mrs. John Lancaster, the wife of Mr. John Lancaster, aged 28 years, of the Forks of Elkhorn, was standing in front of the fire in her room, on Sunday, when her clothing caught fire and she was badly burned, running out into the yard before she could be caught and the flames extinguished.

She was brought to the King's Daughters Hospital, where she is in a critical condition.

It is dangerous for one to take patent medicines of unknown composition.

When a person is really sick, the best course is to call a physician. Often times, however, a person is run down and out of sorts, without being actually sick.

At such times a good common sense digestive tonic is usually all that is needed.

Such a tonic is Walther's Peptonized Port, which you can get at J. W. Gayle's, Frankfort, Ky. It consists simply of pure port wine and pure pepsin. The first gives you new blood, new life; the second prompts a perfect performance of the digestive functions.

Small size 50 cents, large size \$1.00.

BURIED HERE.

The remains of Mr. John Burkhardt, who died in Arizona, reached home on Thursday, and the funeral and interment took place on yesterday morning at 10 o'clock, from his father's residence, on North St. Clair street.

TWO ALARMS.

At 12:15, on Thursday, an alarm from box 17, called the department to the residence of Mr. Jas. M. Halton, on Conway street, where there was a slight blaze in the roof, which was quickly extinguished with nominal loss.

A second alarm came in from box 19, in about half hour, calling the boys to a house belonging to the McGrew estate, corner Steele and Campbell. A small blaze in the roof was soon put out.

Old mother Nature has never been improved upon—sometimes she needs a little assistance over hard places though.

But when we assist her, the nearer we keep to her own methods and processes the better.

Sometimes the digestive organs need help; we have indigestion. Pepsin is what nature has selected to do the work of digestion in the stomach; hence, the best help to digestion is pepsin. The pleasant and most beneficial way to take pepsin is with pure port wine, as combined in Walther's Peptonized Port, and sold by J. W. Gayle, Frankfort, Ky., in that form. The port is itself a valuable tonic.

Small size 50 cents, large size \$1.00.

Y. M. C. A. NOTES.

Interest in the membership contest between the Reds and the Blues continues to be warm. The preliminary sparring is settling into a long hard pull. New members are coming in rapidly and interest in all phases of the work is increasing.

The picked basket ball teams from the Reds and Blues played a preliminary game Thursday night, which was marked by much fine playing and resulted in a victory for the Reds by a narrow margin.

Beginning on next Thursday night they will play a series of three games for the championship and 10 cents admission will be charged, the proceeds going on the contest to the credit of the winning side.

An effort is being made to work up a big delegation to the State Convention in Bowling Green on the 18th.

The Junior Basket Ball team played a game in Lexington last night against the team which they defeated here some days ago.

A LITTLE SLICK.

Just before six o'clock yesterday morning a passing cloud let go and coated the streets of the city with ice. It only lasted some quarter of an hour, but while it was at work it made things lively for pedestrians. In a few minutes the heavens were clear and the moon shining brightly.

THANKS.

We are in receipt of a copy of a splendid oration on "General Anesthesia," written by that distinguished physician and accomplished surgeon, Dr. John A. Lewis, of Georgetown, delivered before the State Medical Association, at Louisville, in April last. It is exhaustive of the subject treated upon, and will be read with pleasure and profit by all.
